

Quality Policy Statement

It is the policy of the Company to provide products and services that fully and consistently meet the needs of our customers, the requirements of the National Highway Sector Schemes and all other 3rd party accredited quality schemes, delivered through operations, which ensure the health and safety of the workforce and public without damage to the environment.

The company therefore operates a management system, which meets the appropriate national standards on quality, health and safety and environment, as well as complying with all regulatory requirements. The management system is documented so that it can be interpreted consistently, readily communicated and can be continuously improved through audit and review.

The Managing Director is responsible for ensuring that sufficient resources are available to provide adequate facilities, finances, staff and equipment to maintain quality systems at all times.

FP McCann have set down policies and procedures to avoid involvement in activities that would diminish confidence in its competence, impartiality, judgement or operational integrity. The company will ensure that management and personnel are free from any undue internal and external commercial, financial influences that may adversely affect the quality of their work.

The company strives to continually improve therefore providing a high level of customer satisfaction and meeting the quality objectives set annually.

All employees are expected to familiarise themselves with and work to the Company procedures and identify any areas where practice can be improved, thereby contributing to the continuing development and growth of the Company.
